# All your dental equipment at your fingertips

## Features

**A dental “cockpit”** As efficient as an airplane cockpit. All your instruments and equipment are mounted on swing arms for perfect positioning. You save time on every procedure and work in ergonomic comfort.

**Swing Arms** Articulated. Support 60 pounds each. Change left/right without tools.

**Rock solid** This table has been designed for dentistry. Its heavy-duty construction eliminates any bounce or wobble.

**Dental Head Rest** An efficient work platform. Supports patient’s head on reinforced stainless steel surface with access from 3 sides. Rapid drainage. Rounded arm rests.

**Better patient presentation** The patient’s position can be adjusted instantly during procedures.

- **Height adjustment** Electric lift adjusts from extra high standing to seated (41" - 29"). Capacity 250 pounds.
- **Tilt adjustment** Table tilts up to 10 degrees and automatically locks. Improves presentation and drainage.
- **Recumbent positioning** Built-in V-positioner folds up to 45 degrees and automatically locks.

**Large table top** Full 62" length for larger dogs. Only 21" wide to save space.

**Instrument Tray** Drops into socket on swing arms. Lifts off for quick cleaning.

**Compressor storage** Compressor stores on table base behind post. Platform available to insulate vibration.

**Tie-down Cleats** Under table top.

**Less clutter** Mounting equipment on table eliminates floor clutter.

**Best long-term investment** The Advanced Dental Table will meet your needs today and for years to come.
